*\* As part of determining assessment rates, WorkSafeNB monitors industries and industry groups every year to ensure that their claim cost profile continues to match the profile of their group. When groups are restructured, basic rate changes are limited to 20% in addition to the percentage change in the average assessment rate. Given the 9% decrease in the average assessment rate, change in basic rate for industries moving toward a lower rate group will be limited to a 29% decrease. On the other hand, change in basic rate for industries moving toward a higher rate group will be limited to the greater increase of 11%, or \$0.20 on the assessment rate.*
