

And the winners are...

The 2011 Provincial Skills Competition was held on April 16 in Oromocto and WorkSafeNB's Youth Coordinator, Chantal Clément Durelle, was once again very pleased to organize the Workplace Safety Competition.

The purpose of the challenge is to encourage students considering a career in occupational health and safety. Participants were evaluated on their knowledge of workplace health and safety principles, their ability to identify and assess workplace hazards, and their ability to prepare and communicate health and safety information to others.

The three medal winners were:

Gold – Emma Jost, Oromocto High School
Silver – Nick Kennedy, Harrison Trimble High School
Bronze – Megan Corcoran, James M. Hill High School

Emma will represent New Brunswick at the National Skills Competition in Quebec City on June 4 and will compete against students from all corners of the country. Bring home the gold, Emma!
