

TURN OFF THE ENGINE AND TURN YOUR MIND TO SAFE PARKING

Powered mobile equipment

[Front-end loader, dozer, excavator...]

- 228** An operator of powered mobile equipment **MUST**
- (c) when leaving the equipment unattended,
 - (i) park it on level ground,
 - (ii) set the brake,
 - (iii) lower the blades and bucket or safely block them,
 - (iv) disengage the master clutch,
 - (v) stop the engine, and
 - (vi) remove the key.

All procedures are set out in WorkSafeNB's OHS Guide app available for your smartphone. Download it today, and keep safety top of mind and in the palm of your hand.
