

SAFETY REMINDER

Powered Mobile Equipment

WHEN LEAVING EQUIPMENT UNATTENDED

DO NOT

Equipment must have the following: brakes, horn rear view mirrors, audible back-up alarm, headlights / tail lights, three point contact to access operator's cab.

- Park on level ground.
- Set the brake.
- Lower blades/buckets to ground.
- Stop the engine.
- Remove the key.
- Disengage the master clutch.
- Allow passengers unless seatbelt or other restraining device is provided.
- Carry loose articles in cab.
- Store containers of gas or diesel in cab.
- Set equipment in motion until air/hydraulic pressure is built-up.
- Allow ineffective safety devices to be installed on the equipment.
